Whoops. I just incorporated edits from OGC in the first one. Can you send that one out to everyone? I think there are some important edits and questions in it. Thanks!

Hi Lucita and Rick: thanks for your comments and edits. I have created a version 2 which includes an additional NRC comment (and a draft response) included in their draft agenda.

Sarah: if you have time tomorrow, please review so we can finalize the document for Darcy's review. Figure 1 will be included (i.e., the standard large scale map showing the project site). Lucita, Rick and I expect to finalize the agenda with NRC this week.

I will be back at work Wednesday morning as we are taking Laura up to UNC tomorrow.

Douglas

Attached are my comments. They just pertain to ensuring that statements concerning the RARE findings are precise.

Thanks.
